NUTRITION IN CITIES

25 MARCH 2010 (14:00 - 16:00hrs)

ROOM W3-5

World Urban Forum 5, Rio de Janeiro

This networking event, organized by the UN Standing Committee on Nutrition (www.unscn.org) aims to raise awareness of municipal authorities and partners on food and nutrition challenges and the role and responsibilities of urban stakeholders. Urban nutrition is a topic which in spite of its relevance to urban populations and local authorities has not been given explicit attention so far by urban planners.
